

Project - Croydon College - Classroom Refurbishment - Completed Early 2011

Michael Jones & Associates LLP were appointed to carry out the Mechanical and Electrical Design for the complete refurbishment of the existing 4th and 3rd Floors of the College along with the construction of a new Rotunda which includes an LRC, Management Offices and Dance Studios. The refurbishment works contract commenced in 2007 and was completed in 2011 after the initial Main Contractor went into administration. The project included the refurbishment of existing College wings to provide new teaching spaces providing an environment where students would like to be taught. The project was designed and constructed to meet a BREEAM very good rating and was provided with extensive energy saving controls and monitoring to allow the College to monitor and control its' energy usage.
